Taiga. Your *Natural* Workspace

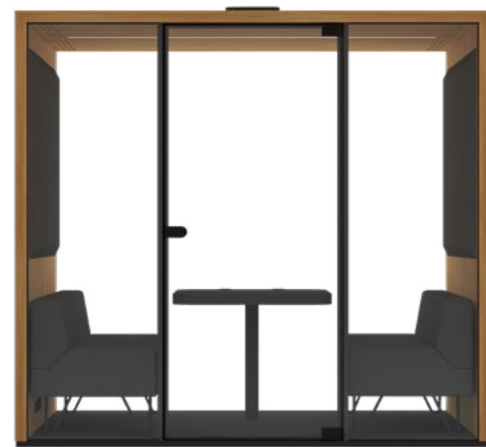

At Taiga, we believe that work should feel less like work and more like a natural and rewarding experience. That's why we create artfully crafted, distraction-free workspaces that bring the quiet, calming and restorative effects of nature into the workplace. We make employee well-being the driving force in workplace design by using real, sustainable, Nordic materials. With Taiga, you can transform your workplace into a peaceful, aesthetically pleasing environment that inspires – a place where everyone can recharge, focus and thrive.

“The starting point was Scandinavian simplicity and the desire to create a product portfolio that offers timeless design and space. The result was a refined and simple concept, drawn out of Nordic nature and its silence.

Like many Scandinavians, I experience the greatest sense of freedom when I am connected with nature.

There isn't a more relaxing environment than a forest snow-covered or a still lake in the summertime. The connection to nature prevails in every design. That is what makes Taiga Concept so unique.”

We achieve this through our strong desire to serve and our capability to create beautiful, customized solutions.

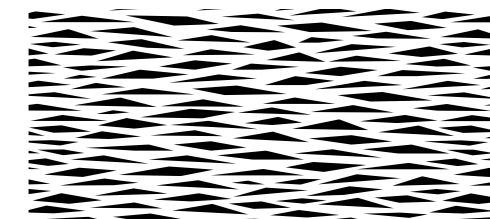

Why Taiga ?

Natural Workspace

Taiga embodies a profound **connection to the natural world**. The genuine warmth of wooden veneers fosters a sense of authenticity, inviting comfort and well-being. Every design element, from cozy acoustics to pleasant lighting, is carefully considered to uphold the natural feel of the product. This ensures a harmonious synergy of form and function. Glass walls on both sides further enhance this experience, creating a comfortable and natural sense of space.

Timeless Simplicity

Taiga's workspaces are a **testament to timeless design**. Marked by clean lines and a minimalist essence, they stand the test of time, in both durability and trends. Functionality merges seamlessly with the design, offering user-friendly plug-and-play units that are intuitively accessible. Taiga's design maximizes spatial efficiency, embracing a spectrum of sizes, accessories and modular configurations. Rooted in a designer's perspective, these spaces embody user-centric simplicity that avoid overwhelming complexity.

Customer Centric

Our **customer-centric and collaborative approach** is at the heart of everything we do. This extends to a workspace solution that is not only timeless, but customizable to adapt to the unique aesthetics and needs of any given environment. From various veneer and upholstery options to furniture and accessories that allow for the creation of various activity zones and layouts. In addition to our many configuration choices, we have strong expertise in crafting novel tailored solutions.

Lohko Flex

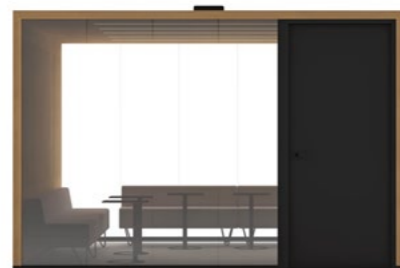

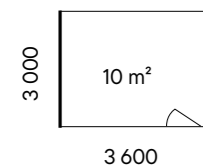

A large modular solution where versatility meets spaciousness. Lohko Flex broadens horizons with spaces ranging from 10 to 28 square meters. Air Purifier for **Lohko** Products

Have you noticed how fresh the air feels after a thunderstorm? This is Nature's purification process, which destroys microbes and bacteria from the air and increases level of ions. The result is extremely fresh air.

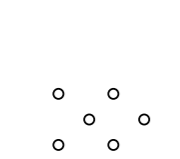

We have brought Nature's purification method into our workspaces. Lohko Pure destroys viruses, bacteria, and dust particles, reduces pathogens on surfaces, and removes unpleasant odors. It ensures top-quality air and a refreshing work experience.

Safe Technology

Lohko Pure uses advanced bipolar ionization technology. It combines a filtration system with an ionization device to efficiently eliminate airborne microbes, as well as decreasing surface pathogens and eliminating unpleasant odors.
